To whom it may concern,

I am honored to recommend Jarom Norris to a position of responsibility, communication, and creativity. I have known Mr. Norris for 2 years in the licensing department at WildWorks. During this time he continually drove to expand his position and duties, as he was always passionate about being helpful to all members within the team (supervisory or lateral). I was most impressed by his abilities to unite the administrative and creative facets of our department, through a balanced understanding of the different sets of languages and softwares. His attitude was unfailingly bright, and his desires unflinchingly selfless. When Mr. Norris saw a gap that could be filled or data that could be found, he required no prompting to repair our systems or improve our knowledge. It was a pleasure to work with him, and he will be a driven and delightful addition to any team.

I invite you to favorably consider his application, and I would gladly answer any further questions regarding Mr. Norris's work ethic and character. Please feel free to contact me directly.

Sincerely,

Karianne Hutchinson
